

BREATHE® Task Seating

\$425 [UP5-BREATHE-WAWH]

\$372 [UP5-BREATHE-WANH]

\$325 [UP5-BREATHE-NANH]

The task chair's optional headrest can be positioned and adjusted to offer all users optimum comfort.

Height Adjustable

Height-adjustable height-adjustable fixed-width arms make it easy to find the perfect position.

A synchronous knee-tilt mechanism, back tension knob, and seat height adjustment all come standard on Breathe Task Seating.

The Breathe Task Chair's heavy-duty, 5-star die-cast aluminum base offers built-in molded slip/scuff protectors and durable dual-wheel carpet casters.

Today's fast-paced office is the perfect place for the contemporary style and unmatched comfort of Breathe Seating. The sleek styling of the high-back task chair makes it a perfect addition to any organization.

The Breathe Seating line features a beautifully sculpted polypropylene back structure wrapped with a double layer of nylon mesh fabric that offers the ultimate in support and breathability. The adjustable lumbar pad is built into the chair frame for added durability on Breathe Task Chairs.

A contoured foam seat covered with the same soft and durable 2-ply athletic mesh improves ventilation and reduces fatigue. For even more comfort, users can adjust the seat height and back tension of the chairs with an easily accessible knob and lever beneath the seat.

The Breathe Task Chair features a synchronous knee-tilt mechanism with a 2:1 (back-to-seat) ratio. The tilt-lock lever can be set in any of 3 lock positions or remain unlocked, allowing the seat to free float.

BREATHE® Task Seating

BREATHE® Task Seating

FEATURES AND BENEFITS

“What is Breathe?”

Breathe is an economic task chair that provides state-of-the-art design, comfort, dependability and style. Breathe will be the correct fit for any end user or environment. Available with black frame only.

Optional headrest attaches securely to the top of the chair back.

Soft, contoured arm pad offers comfort for the user.

Polypropylene adjustable arm provides six separate adjustments throughout a 2.75" range.

Soft, contoured seat provides maximum comfort with mesh fabric, or your choice of standard fabric on the seat only.

Positional lock lever will lock chair in 5 different positions throughout the tilt range.

Tilt-tension knob easily adjusts back tension.

Die cast aluminum base offers built-in anti-slip/scuff protectors.

Mesh back design provides comfort, breathability and durability all surrounded by a reinforced back structure.

Built-in to the sturdy back construction, the back lumbar support offers additional comfort with a 4" vertical adjustment range.

Breathe offers a synchronized knee-tilt mechanism with 2:1 back-to-seat ratio.

Heavy-duty gas lift cylinder allows for smooth seat height adjustment.

Durable dual wheel carpet casters allow Breathe to move with ease.
