

ACI is a fiscally self-sufficient division of Arizona Department of Corrections, Rehabilitation and Reentry. The division functions entirely on revenues generated from its business without any financial support from the taxpayers.

Through its activities, ACI makes significant contributions to the economic development and prosperity of the State, in part by returning law-abiding, productive citizens to the community and teaching them the skills to help them avoid future incarcerations.

WHAT DO ACI CUSTOMERS SAY?

"The ACI 'green' mattress is helping us to achieve our goal of zero waste, and it is competitively priced with regular mattresses."

"Utilizing ACI is allowing us to source our products in Arizona instead of China. ACI's quality is there and we don't need to order a container full at a time."

"Our library furniture looks like brand new after ACI refurbished it. Their work is beautiful at a fraction of the cost if we replaced this with new furniture."

WHO WE ARE

A unique, 40 year-old self-funded division of the Arizona Department of Corrections, Rehabilitation and Reentry (ADCRR).

A manufacturer of high quality products and a provider of dependable and flexible labor services throughout Arizona

An Arizona success story supporting taxpayers by providing millions of dollars to the state's general fund annually - without taking a penny of taxpayer money to operate!

WHAT WE DO

In fiscal year 2019, ACI inmates worked more than 4.33 million hours and they earned wages exceeding \$12.7 million dollars, much of which supported court ordered deductions for the victims restitution fund, dependent support, alcohol abuse and treatment fund and more.

Inmate recidivism dropped 31.6% for inmates working at ACI, providing additional savings to Arizona taxpayers totaling millions of dollars annually.

HOW WE DO IT

ACI employs approximately 2,000 inmates every day, many in highly skilled jobs, providing a safe and positive work and learning environment. Inmates are engaged in their respective responsibilities and, despite their unique work circumstances, follow best-practice processes.

Constant product quality monitoring and customer satisfaction to produce the finest products and services designed to meet customer needs.

REFINISHING SERVICES

If you are looking to replace desks, chairs, tables or other furnishings, consider the low cost alternative of refurbishing services of ACI. Rebuild to the quality of the original product at substantial savings.

As a custom manufacturer, ACI account managers and product specialists take the time to learn:

- What you want
- How and where it will be used
- When you need it
- Your budget for the project

Only then will they make proposals to meet your requirements.
