

# Sublimated Promotional Items Order Worksheet

Sublimation works through the combination of special inks, heat, and pressure. The special ink has the ability to bond to many different types of items as the dye penetrates the surface and gives the finished piece a smooth finish; unlike the feel of a decal.

Sublimated images are extremely durable and permanent with a full-color vibrancy – truly photorealistic. We stock a limited supply of specially-treated ceramic mugs, mouse pads, stainless travel mugs, white T-shirts and magnets (in selected sizes). Many other items, such as key chains, iPhone cases, bags are also available for sublimating your message. Ask your sales or customer service representative for details.
